DISTRIBUTION OF Time is the Test

Representatives of Big Factory Investigate Conditions in El Paso.

A business trip and a visit to El Paso was the purpose of R. V. Roebeling and W. P. Bowman, of the John A. Roebeling Sons company, one of the largest manufacturers of steel wire and cable in the world.

The Roebeling company has a branch and distributing point here with the El Paso Foundry and Machine company.

Mr. Roebeling, who is a grandson of the original John A. Roebeling, said that the trip was made to El Paso only for the purpose of getting a line on the territory covered by the El Paso branch.

It is reported, however, that the two steel cable manufacturers are planning to enlarge their present agency into a distributing house for the entire southwest and Mexico.

CATTLEMEN INVEST IN EL PASO LAND

West Texas Stockmen Putting Money Into Dirt Hereabouts.

El Paso and the El Paso Valley seems to appeal to the west Texas cattlemen who have made their stake in the cattle business and are looking for safe, conservative investments.

A number of the prominent cattlemen of the west Texas country have purchased city and valley property in El Paso during the past year.

Leher Bros., two of the best known cattlemen of western Texas, have purchased a 200 acre ranch near San Elizario and Ysleta. The price paid for the tract, which is composed of two pieces, one containing 160 acres and the other 40 acres, was \$11,000. The deal was closed through the Broadbush & Leavelle agency, which is the El Paso representative of the Leher Bros.

CLEARING UP LAND IN MESILLA VALLEY

Settlers Coming in Fast and Putting Land Into Condition.

The lower Mesilla Valley is doing its part to boost the business interests of El Paso. Settlers are coming into this valley to make their homes, clear up the land and put in crops.

Local real estate men who make a specialty of Mesilla Valley lands say that the inquiries for this class of realty are being received in almost every mail from out of town people and that a number of prospective buyers call at the office.
